

G342 (Marilyn)

Colour cards in which the colour appears

Base paint: A

Price group: 1

The colours displayed on screen have been produced electronically. They are not a substitute for real colour samples, because our perception of colour is affected by the finish of the material, gloss, lighting conditions, and other factors. Always choose the final colour using standard colour cards available from your retailer. Remember the surroundings and conditions for which you are choosing the colour.

RGB values: 227, 208, 228 (E3D0E4)
